AMENDMENT

Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

In response to the Examiner's Action mailed July 30, 1998, please amend this application as follows.

IN THE CLAIMS:

Please add new claims 37-40 as follows.

--37. The method of claim 29, further comprising using said control information to maintain synchronization between the mobile station and the base station.

*Sub B5*  
38. The method of claim 30, further comprising receiving said paging message at said mobile station and using said paging message to maintain synchronization between the mobile station and the code division multiple access communication system.

39. The system of claim 33, further comprising means for using said control information to maintain synchronization between the mobile station and the base station.

*Sub B5*  
40. The system of claim 34, further comprising means for receiving said paging message at said mobile station and using said paging message to maintain synchronization between the mobile station and the code division multiple access communication system.--
